DECEMBER

World Aids Day

Each year, on 1 December, the world commemorates World AIDS Day. People around the world unite to show support for people living with HIV and to remember those who have died from AIDS-related illnesses.

Each World AIDS Day focuses on a specific theme, which this year will be Equalize. UN is urging each of us to address the inequalities which are holding back progress in ending AIDS. This year's theme joins a growing list of challenges that World AIDS Day has alerted people to globally.

Founded in 1988, World AIDS Day was the first ever international day for global health. Every year, United Nations agencies, governments and civil society join together to campaign around specific themes related to HIV.

World Aids Day

Today educators of Arwachin Public School organised a special session to educate students about the disease and myths associated with it. We believe that it is our duty to ensure that our students are well aware. Education saves lives. Educated children and youth have a better chance to protect themselves with access to all the facts about HIV/AIDS. On World AIDS Day, let's commit to fight this disease by devoting more efforts and resources to ensure all children, adolescents, and youth receive a quality education.

World Aids Day

National Pollution Control Day

December 2 is observed as National Pollution Control Day every year. The day is observed in the memory of those who have lost their lives in the Bhopal Gas tragedy on the night of December 2nd and 3rd, 1984.

Many people died due to the poisonous gas Methyl Isocyanate, also known as MIC. The Bhopal Gas Tragedy is considered one of the biggest industrial pollution disasters.

Environmental pollution, directly and indirectly, affects the quality of life more than one can imagine. All this is mainly caused by human activities which harm the environment in more than one way. Nowadays, pollution prevention is a major global concern because everyone on the earth is entitled to clean air to breathe, water to drink, and to enjoy public lands.

National Pollution Control Day

Indian Navy Day

Every year, Indian Navy Day is celebrated on December 4 to acknowledge the role & achievements of Indian Naval forces. The day is also observed to commemorate the launch of Operation Trident against Pakistan during the Indo-Pakistan War in 1971. The Indian Navy played a crucial role during the war. To commemorate the attack and to pay tribute to all the Navy personnel who sacrificed their lives serving the nation, Indian Navy Day is observed. The Indian Navy is a three-dimensional force that operates above, on, and under the ocean's surface to safeguard our country's interests. Its main agenda is to improve its state of affairs in the Indian Ocean Zone. Various events take place on this day with different themes each year.

Playful Learning

Topic - Measurement

Young children apply early concepts of measurement in many of their everyday activities. They compare sizes of toys and portions of food, their own height to another's, the weights of two pumpkins, and the lengths of toy trains. In exploring ways of comparing, they may use non-standard measurement tools such as hands and fingers to estimate length, blocks or squares for area, and sand and water for capacity.

They also begin to develop the vocabulary of measurement and comparison, using terms such as longer, shorter, taller, bigger, smaller, wider, heavier, and lighter.

Playful Learning

Class outside the CLASSROOM

Topic - Plant world

Sub Topic - Types of Plant

Teaching your children about different plants will provide them with a broader understanding of nature and the world around them. By teaching your child about a large variety of plants, they will begin to appreciate the diversity of things that exist in the world and can begin to understand how everything around them works together.

Class outside the CLASSROOM

NAME TAG ACTIVITY

Why is it important to learn to write your name?

Builds Identity - It's sometimes overlooked in the name-writing stage, but it's a real foundational moment.

It's the point when children process their place in the world around them and start to form beliefs about who they are that exist in the world and can begin to understand how everything around them works together.

NAME TAG ACTIVITY

Montessori Practical Life Activity

“Any child who is self-sufficient, who can tie his shoes, dress or undress himself, reflects in his joy and sense of achievement the image of human dignity, which is derived from a sense of independence.” -Maria Montessori.

Water pouring is one of the early Montessori Practical Life activities a child is introduced to when they enter the primary age group (2.5-6) in a Montessori classroom. It is one of the simple activities a young child is first drawn to in the Practical Life area of the classroom, as very young children enjoy playing with water. At Arwachin Public School we plan lessons and class sessions as child centric . Here , watch our #littlearwachians exploring their eye hand co-ordination with the water pour activity .Water pouring activities can help build a child's concentration, control of body movement, and fine motor control. Refinement of these skills is important in a Montessori learning environment.

Montessori Practical Life Activity

Math Activity

Forward and backward counting learning activity mont 1 .

It is important for children to count forward and backwards from a variety of starting points. This will help them to understand the size of the number in relation to other numbers.

International Human Rights Day

Human Rights Day is observed every year on 10 December - the day on which the United Nations General Assembly adopted, in 1948, the Universal Declaration of Human Rights.

The Universal Declaration of Human Rights empowers us all. The principles enshrined in the Declaration are as relevant today as they were in 1948. We need to stand up for our own rights and those of others. We can take action in our own daily lives, to uphold the rights that protect us all and thereby promote the kinship of all human beings.

In December 1948, UNESCO was the first United Nations agency to place the Universal Declaration at the heart of all its action, to promote it across the world through education and the media.

Human Rights Day* *Inter house Quiz at APS

Human Rights Day is celebrated on the 10th December every year to commemorate the Universal Declaration of Human Rights (UDHR).

International Human Rights Day

A quiz was organised in order to make students aware about this day. And various craft activities for Montessori students to underline the importance of the day.

The 2022 Theme of Human Rights Day is Dignity, Freedom, and Justice for All. Both the Declaration and WHO's Constitution assert that health is a fundamental human right for all people.

Students actively participated in the quiz and craft activities.

International Human Rights Day

International UNICEF Day

Every year, UNICEF Day is observed on December 11 to raise awareness about saving children's lives by defending and helping them to fulfil their wishes. The day provides assistance for the health, nutrition, education, and welfare of children during World War II. UNICEF's name was subsequently changed from United Nations International Children's Emergency Fund to United Nations Children's Fund though, it continued to be known by the popular acronym based on the previous title.

International UNICEF Day

International Unicef Day (Inter house Quiz) classes 5th to 8th

Every year, UNICEF' day is observed on December 11 to raise awareness about saving children's lives by defending and helping them to fulfil their wishes. The day provides assistance for the health, nutrition, education, and welfare of children during World War II.

Students of classes 5th to 8th actively participated in inter-house quiz that involved multiple choice questions and visual rounds .

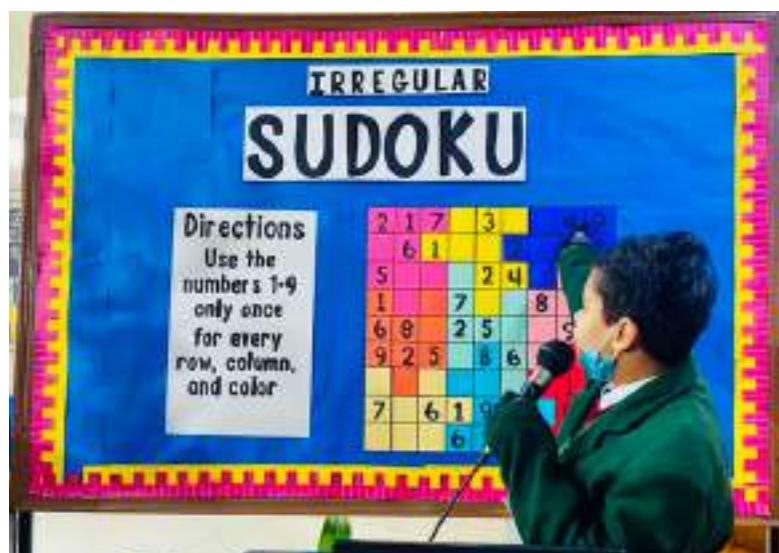

National Mathematics Day

National Mathematics Day is celebrated on 22nd December every year, on the birth anniversary of one of the greatest Indian mathematicians, Srinivasa Ramanujan. This day was announced by the former Prime Minister of India, Dr. Manmohan Singh, in 2012.

His announcement came during one of his visits to this university on Srinivasa Ramanujan's 125th birth anniversary. This auspicious day marks the importance of Mathematics in everyone's life and inspires people to grow their self-learning skills and think more rationally.

Students of classes 3rd to 8th participated in sudoku competition to celebrate National Mathematics Day . Sudoku keeps the brain active and stimulates mind. The game works on one's logical thinking process as they are absorbed in solving a puzzle and eventually improve their number skills.

National Mathematics Day

National Mathematics Day

Kisan Diwas

Every year, India observes Farmers' Day or Kisan Diwas on December 23. Farmers are the driving force of the country's economy and deserve to be honored. The day also celebrates the birth of the fifth Prime Minister of India, Chaudhary Charan Singh, who started as a farmer before earning his seat in the government. This day aims to promote awareness of the importance of farmers and their valuable contribution to the overall social- and economic development of the nation.

To honour and appreciate all the responsible farmers of the society Arwachin Public School celebrates National Farmer's Day. On this day , Arwachians performed Nukkad Natak in which they showed the importance of farmer in our life. Farmers are the pillar of our nation. They showed how they work hard to supply food to the nation.

School Night Camp

The school organised a night camp for the students on theme CHRISTMAS CARNIVAL. Twinkling stars, clear skies, cool breeze and classmates for company - the students had the time of their life as they spent a night in the school. The students enjoyed their independence and time away from home as they were kept gainfully engaged with a variety of fun-filled and supervised adventurous activities. Musical chair, write a letter to Santa, Tattoo Station and other immersive activities saw all the cherubs participate with cheerful enthusiasm. Laughter and giggles echoed through the corridors of the school as students enjoyed sharing jokes and riddles with their Principal, Dr. Sakshi Sharma ma'am and their teachers. The Chairman & Director sir, Mr. Anurup Sharma & Mr. Abhinav Sharma, added warmth to the cool evening not only by lighting the bonfire but also by their loving and gracious presence. They mingled with all the students and even sang their favourite song for them. The highlight of the evening was the groovy, foot tapping music played by the DJ. The students danced and swayed to the lively beats till late evening and it was indeed a task for the teachers to coerce them to leave the dance floor and move ahead for cake cutting ceremony.

School Night Camp

The creative streak and histrionic skills of students was a treat to watch as class 1 presented a talent show , Anay Dutta of class 2 performed a magic show and Ashvit & Kartik of class 5&6 narrated a bedtime story for their fellow school mates . The scrumptious meals and lip smacking snacks, provided at regular intervals, were thoroughly relished by the children. Later Santa also visited our students with their choice of gifts and enjoy milk and cookie especially prepared by our tiny toddlers. The camp concluded on the morning of 25th December with a refreshing breakfast. It was a memorable experience for all kids and an event to cherish forever!
