**Report on: Brick Workshop.**

**Event Date: 23<sup>rd</sup> November 2022**

***Theme: “BRICK” TRADITIONAL, MODERN & CONTEMPORARY***

MBS School of Planning and Architecture has always taken an initiative to provide students with interesting, interactive learning sessions with hands on experience. As per the trend set, MBS SPA Academic co-curricular team had organized Brick Workshop on 23<sup>rd</sup> November 2022.

Workshop starts with an introduction towards the exploration of Brick as a sustainable, cost effective and eco-friendly building material and alternate construction technology. The workshop is intended to introduce the brick bonds and laying of bricks in different courses and form a wall in contemporary context. Learning and Outcome The workshop encouraged a thought process and taught them implementing the techniques through hands on experience. Through these hands-on sessions the participants get a clear perception of implementation and working of the Brick as a construction material.
